

How to Fill & Send Application Form on iOS devices

1. Open the PDF document on your iOS device and it will look like this →

2. Click the icon circled on the right hand image →

3. Now find Adobe Acrobat reader after downloading the software
4. It will now open in Adobe as shown below. Complete all blue fields as necessary.

5. Once completed, click on the bubble and pen speech icon at the bottom as indicated on the left.

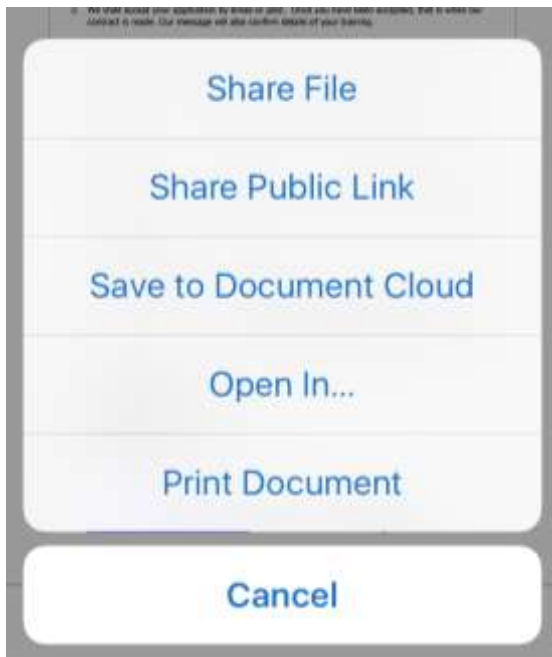

6. You'll then see a selection of text options, click the fountain pen for a signature when on page 3 of the application form where it requires you sign.

How to Fill & Send Application Form on iOS devices

7. Follow the instructions to add your signature.
8. Once the form is all complete you can return it to the office by clicking on the square and arrow icon as circled to the right.
9. Select 'share file' then choose the 'share flattened copy'
